system for you to receive money directly to your crypto wallet
or bank account.

Introducing... iGift Network

What is iGift Network?

iGift Network is a very powerful 4x1 straight line system where all members helps each other build this program together and receive donations from others. We have a simple plan where you have potential to receive thousands or even millions. Sounds incredible right?

Best of all, there is no referring required to receive any donations as this is all community built. All members helping each other grow the line to receive donations.

The steps are simple,

1. Register
2. Donate
3. Share with others if you like as it's optional.

****If you do decide to share your link with others, you will receive a bonus which we will explain in a moment.**

So how do our members receive donations from others. It's called the straight line system.
